

## Kimberly Smith

Kimberly Smith is an accomplished artist. She has been selling and showing her unique artwork for over 35 years. Kimberly's art has been featured in galleries in Alberta and the Yukon and is held in private collections in Canada, the US and Japan. Although her medium has shifted from pottery to glass over the years her unique use of color and desire to capture the Alberta landscape and wildlife remains the same.

Kimberly has been teaching art for over 30 years – she has taught watercolor, oils, acrylics, ceramics and pen and ink and kiln fired glass. For the past 2 years Kimberly has been adapting these techniques to the use of enamels on kiln fired glass. Kimberly's "Focus on Technique" allows students to build their skills with confidence while learning techniques they can adapt to other projects.
