

Leah Cathleen Donald

Leah Cathleen is a Canadian fibre artist and instructor. Born and raised in Calgary, she is passionate about working with wool and teaching felting to young and old. Working as an art instructor for the Leighton Art Centre for 12 years, she honed her teaching skills and explored a variety of different art mediums. Through this exploration, Leah discovered felting and her preferred art medium. Following her fibre passion, Leah founded her business, ArtFelt Studio, where she brings her knowledge and love of felting to local schools and teaching adult workshops. ArtFelt Studio has grown exponentially over the last 14 years and now employs several instructors teaching felting in schools throughout South Alberta.
