

Valdis Gislason

As an artist, Valdis Gislason strives to make the lives of others more colourful, more engaging, and more rewarding through abstract, representational, and calligraphic art. For Valdis, part of doing art is sharing what she has learned over more than three decades of practice, both as an artist and as a teacher. When teaching, Valdis tries to ensure that every student experiences success. She does this by being well organized, systematic, and student focused. For Valdis, the art of teaching is as important, and fulfilling, as the art itself.
