

## Layered Embossed Surface in Clay

**Instructor: Brenda Danbrook**

### **Required Supplies:**

- Students are encouraged to bring found objects with texture, or materials from the natural world such as leaves, or the handmade or industrial world, that could be pressed into clay to make a pattern.
- Basic pottery tools for hand building:
- sponge, pin tool or knife, wooden stick tools, rib, cutting wire, brush or brushes, cheese cutter (optional)
- Small rolling pin and ¼ inch dowels are recommended but not required
- 2 Recycled container such as 500gm yogurt size with lid for water and slip use
- Scissors
- Pencil
- Notebook, optional but recommended
- Plastic to cover wares
- Pottery board or batt to work on and to carry work home on
- Mud tool bat mats are super handy when handbuilding too. But not required.
